How to Play

2 Hand-Balanced US English Puzzles · Random Mix

- Build words of 4 letters or more using the letters in the 7 hexagons.
- Every word must include the center (gold) letter at least once.
- Letters may be reused as many times as you like within a single word.
- Every puzzle has at least one Pangram, a word using all 7 letters.
- Classic rules: no letter 'S', no proper nouns, and 20–75 words per puzzle.
- Scoring: Simply count the number of words you find. Good, Excellent, and Genius targets appear on each page.
- Tip: Tap 'Jump to Answers →' on any page to leap straight to its key.
